2.01: Eligibility of Candidates to Take Examination

(1) Persons desiring to take the examination for qualification as a certified public accountant should apply on a form provided by the Board, or its designated examination administrator. The forms are obtainable from the Board's examination administrator's offices. Different forms and instructions will be provided for original examinations and for re-examinations.

(2) In order to sit for the Computer Based Examination (CBT), a candidate must be 18 years of age or older and must qualify for the CBT under the educational requirements of 252 CMR 2.07(2). After January 1, 2007, candidates may qualify to sit for the CBT when they have completed 120 of the 150 semester hours (or 180 of the 225 quarter hours) of college or university education from a nationally or regionally accredited institution approved by the Board as required by 252 CMR 2.07(2), where the successful completion of 120 semester hours (or 180 quarter hours) results in obtaining a bachelor's degree. The completed 120 semester hours (or 180 of the 225 quarter hours) necessary to sit for the CBT must include 21 semester hours of accounting courses, including coverage in financial accounting, auditing, taxation, and management accounting, and 9 hours of business courses, including coverage in the areas of business law, finance, and information systems. Candidates who sit for the CBT prior to the completion of the 120 semester hours (or 180 quarter hours) of college or university education shall, within 90 days of sitting for the CBT provide a certified transcript to the Board or its designated exam administrator demonstrating that they have successfully completed 120 of the 150 required semester hours (or 180 of the 225 quarter hours) of college or university education from a nationally or regionally accredited institution approved by the Board as required by 252 CMR 2.07(2), where the successful completion of 120 semester hours (or 180 quarter hours) results in obtaining a bachelor's degree. Failure to provide said certified transcript within the 90 day period described above shall result in the loss of any credit received for any part of the exam passed prior to providing said certified transcript.

2.02: Times and Places of Examinations

The procedures for the Computer Based Examination (CBT) and its availability are described in 252 CMR 2.00. For all examinations, the applications must be accompanied by a payment for the prescribed fee. Candidates whose applications are approved by the Board or its designee will receive a notice of the place, date and hours of such examinations. The Board, in its discretion, may permit an applicant who is a resident of the Commonwealth of Massachusetts to sit for the examination in another state; the taking of such examination by such applicant, however, shall be under the jurisdiction of this Board and subject to 252 CMR.

Deleted: Prior to 2004, the CPA examination was a written paper examination and a candidate must have sat for all four parts of the exam at his/her first sitting and thereafter until at least one conditional credit was earned (See 252 CMR 2.06(2).) As of January 1, 2004, the CPA examination is a Computer Based Examination (CBT) and first time candidates are subject to the conditional credit rules set forth in 252 CMR 2.06(5).¶

2.03: Administration and Grading of Examinations

The Board has adopted and makes use of the examinations (Uniform CPA Examination) and advisory grading service provided by the Board of Examiners of the American Institute of Certified Public Accountants (AICPA).

2.04: Subject Matter of Examinations

The CBT consists of four sections. The titles of the CBT sections are: Auditing and Attestation; Financial Accounting and Reporting; Regulation; and Business Environment and Concepts.

2.05: Recognition of Full or Partial Credits Granted by Other States

Recognition will be given to satisfactory completion of one or more subjects given by a licensing authority in another state, if the examination given by the licensing authority in the other state was the Uniform CPA Examination established by and graded as passing by the Board of Examiners of the AICPA, provided that conditional credit would have been given under 252 CMR 2.06 had the examination been taken in Massachusetts.

2.06: Granting of Full or Partial Credits to Candidates Who Pass Examination in One or More Subjects; Re-examination:

(1) Passing the Computer Based Examination.

(a) A candidate may take the required test sections individually and in any order. Credit for any test section(s) shall be valid for 18 months from the actual date the candidate took the test section, without having to attain a minimum score on any failed test sections(s) and without regard to whether the candidate has taken other test sections.

(b) Candidates must pass all four test sections of the Uniform CPA Examination with a grade of 75 or higher within a rolling 18 month period, which begins on the date that the first test section(s) that is passed is taken.

(c) Candidates cannot retake a failed test section(s) in the same examination window. An examination window refers to a three-month period in which candidates have an opportunity to take the CPA examination composed of two months in which the examination is available to be taken and one month in which the examination will not be offered, while routine maintenance is performed and the item bank is refreshed. Thus, candidates will be able to test two out of the three months within an examination window.

(d) In the event all four test sections of the CBT are not passed within the rolling 18 month period, credit for any test section(s) passed outside the 18 month period will expire and test section(s) must be retaken.

Deleted: (1) Effective with the May 1994 Uniform CPA Examination through December 2003, the component parts and schedule of the written examination consisted of four sections which were given on designated Wednesdays and Thursdays of every May and November. ¶

Deleted: (2) Conditional Credit. Prior to January 1, 2004, a candidate who passed two or more subjects at any written examination given by the Board and attained a grade of 50 or more in each subject which the candidate failed, shall be credited with the subjects in which the candidate received a grade of 75 or higher. The candidate has the right to be re-examined in only the remaining subject or subjects at any of the six subsequent examinations; provided, however, that if a candidate received a grade of 75 or higher in three subjects and a grade below 50 in the failed subject, the Board has the right to consider whether credit would be granted for the parts passed.¶
(3) Re-examination. Prior to January 1, 2004, a candidate who would have received a conditional credit or credits under 252 CMR 2.06(2), would receive a further conditional credit in the subject or subjects in which the candidate receives a grade of 75 or higher if upon such re-examination the candidate receives a grade of 50 or higher in each subject which the candidate failed.¶

(e) A candidate shall be deemed to have passed the CBT once the candidate possesses at the same time valid credit for passing each of the four test sections of the CBT within the time frame described above. For purposes of 252 CMR 2.06(3), credit for passing a test section of the CBT is valid from the actual date of the testing event for that test section, regardless of the date the candidate actually receives notice of the passing grade.

(2) Military Service. The time limitations within which a candidate is required to pass subjects under 252 CMR 2.06(2), shall not include any period during which the applicant is on active duty in the Armed Services of the United States.

(3) Examination Results. The Board or its designee will advise a candidate whether the candidate has passed all or any part of the examination.

2.07: Education, Experience and Other Requirements for Issuance of Certificate as Certified Public Accountant

(1) Formal Application. An applicant for a Certificate as a Certified Public Accountant who has passed the examination set by the Board must file with the Board a formal application for such certificate, accompanied by payment of the required fee. A form for application may be obtained from the offices of the Board. An applicant must also submit an official certification of completion of 150 semester hours from the Board's designated exam administrator or an official transcript from colleges or universities as provided in 252 CMR 2.07(2)(a), experience letter(s) from employer(s) as provided in 252 CMR 2.07(2)(b), and three letters from employers, business associates or clients attesting to the applicant's character and fitness. A recent un-mounted passport-size photograph must also be attached.

(2) Education and Experience Requirements. An applicant for a Certificate as a Certified Public Accountant who sat for the CBT with 120 hours of education and who has successfully passed the examination, and qualifies otherwise in the opinion of the Board, shall receive a certificate as a certified public accountant upon satisfying the Board that the applicant, within three years of the date on which the applicant receives notice that he or she has passed all parts of the CBT, meets the below requirements of education and experience. Failure to meet the below requirements of education and experience within three years of the date on which the applicant receives notice that he or she has passed all parts of the CBT shall result in the expiration of the applicant's credit for passing all parts of the CBT, and all parts of the CBT must be retaken and passed before becoming eligible again for a certificate as a certified public accountant. Candidates for certification as a Certified Public Accountant who sat for the CBT under the provisions of 252 CMR 2.01 shall submit to the Board a certification provided by the Board's designated exam administrator that the candidate has successfully met the 150 hour education requirement. All other candidates shall submit official transcripts from colleges or universities as provided in 252 CMR 2.07(2)(a).

1. Earned a graduate degree in accounting from a program at a nationally or regionally accredited college or university approved by the Board that is further accredited by the AACSB – The International Association for Management Education (AACSB). Programs not accredited by AACSB must be approved by the Board as having substantially equivalent educational program requirements. The Board, or an Educators Credential Committee appointed by the Board, will review the graduate accounting programs of a nationally or regionally accredited college or university to determine if such programs are substantially equivalent to AACSB standards, upon a written request from such college or university. The Educators Credential Committee will consist of at least three accounting educators selected by the Board from the faculty of nationally or regionally accredited educational institutions located in the Commonwealth of Massachusetts;

2. Earned a graduate degree in accounting, business administration or law from a nationally or regionally accredited college or university approved by the Board. This degree must include 30 semester hours (45-quarter hours) of accounting at the undergraduate level, or 18 semester hours (27 quarter hours) of accounting at the graduate level, or an equivalent combination thereof. The accounting credits shall include coverage in financial accounting, auditing, taxation, and management accounting. In addition, the degree must include or be supplemented by, 24 semester hours (36 quarter hours) of business courses (other than accounting courses) at the undergraduate level or 18 semester hours (27 quarter hours) at the graduate level, or an equivalent combination thereof;

Courses in business management of organizations, economics, and/or business communication may be included for the business course requirements.

(b) Experience Requirements.

1. All applicants for a Certificate as a Certified Public Accountant who have not completed 1000 hours in the public accounting report function on full disclosure financial statements, of which not more than 300 hours may consist of full disclosure compilations, must comply with the requirements of 252 CMR 3.02(5). Failure to comply with the above 1000 hour requirement or the requirements of 252 CMR 3.02(5) shall restrict the privilege of the license to providing all accounting services except issuing reports on financial statements. Applicants for the certificate must document the 1000 hour requirement by submitting to the Board a letter or statement from each public accounting firm or government employer in which the experience was obtained over the most recent period of the applicant's experience of the length required. The statement describing the applicant's experience shall be attested to, under the pains and penalties of perjury, by a partner, shareholder or member of such public accounting firm(s) or by the government supervisor.

2. Applicants meeting the educational requirements of 252 CMR 2.07(2)(a)(3) and 252 CMR 2.07(2)(a)(4) shall be required to have at least one year of experience in the full time practice of public accounting (1820 total hours required). The experience shall have been in public practice or its governmental/non-public accounting equivalent, as set forth in 252 CMR 2.07(5). Applicants must submit to the Board a letter or statement from each public accounting firm or government/non-public employer in which the experience was obtained, describing the type and exact dates of experience, signed under the pains and penalties of perjury by a partner, shareholder or member of such public accounting firm, government supervisor or CPA supervisor of non-public experience.

(3) Exceptions to Education and Experience Requirements. A candidate who sat for the paper based examination without complying with the educational requirements of 252 CMR 2.07(2)(a)(1) through 252 CMR 2.07(2)(a)(4) may qualify for issuance of a Certificate as a Certified Public Accountant if the applicant has had at least three years of experience in the full time practice of public accounting (5,460 total hours required) or obtains the education requirements of 252 CMR 2.07(2)(a)(1) through 252 CMR 2.07(2)(a)(4).

Auditing	three semester hours or 4½ quarter hours
Taxation	three semester hours or 4½ quarter hours

2. The remaining nine semester hours (13½ quarter hours) may be obtained in additional accounting, auditing, or taxation courses or the subject areas listed in 252 CMR

2.01(3)(b)2. The maximum number of hours in each subject as listed shall be as follows:

Business Law	three semester hours or 4½ quarter hours
Business Statistics	three semester hours or 4½ quarter hours
Quantitative Applications	
Computer Science/Information Systems	three semester hours or 4½ quarter hours
Finance	three semester hours or 4½ quarter hours

(c) Prior to November 2002, if a candidate's degree does not include an accounting concentration as described in 252 CMR 2.01(3)(b), the candidate may become eligible for examination and certification by the Board by successfully completing the course requirements listed in 252 CMR 2.01(3)(b) at a college or university approved by the Board.

(4) Effective with initial application for admission to the November 2002 examination, a candidate must have completed 150 semester hours (225-quarter hours) of college or university education to include a bachelor's degree from a nationally or regionally accredited institution approved by the Board. For the purposes of determining

equivalence of quarter hours, 4½-quarter hours will equal three credit hours. The Board will review successful completion of three-quarter hour courses; provided that the accounting and business course requirements total 36-quarter hours each. The candidate must have completed the 150-hour education requirement in accordance with one of the following four provisions:

1. Earned a graduate degree in accounting from a program at a nationally or regionally accredited college or university approved by the Board that is further accredited by the AACSB – The International Association for Management Education (AACSB). Programs not accredited by AACSB must be approved by the Board as having substantially equivalent educational program requirements. The Board, or an Educators Credential Committee appointed by the Board, will review the graduate accounting programs of a nationally or regionally accredited college or university to determine if such programs are substantially equivalent to AACSB standards, upon a written request from such college or university. The Educators Credential Committee will consist of at least three accounting educators selected by the Board from the faculty of nationally or regionally accredited educational institutions located in the Commonwealth of Massachusetts;
2. Earned a graduate degree in accounting, business administration or law from a nationally or regionally accredited college or university approved by the Board. This degree must include 24 semester hours (36-quarter hours) of accounting at the undergraduate level, or 18 semester hours (27 quarter hours) of accounting at the graduate level, or an equivalent combination thereof. Elementary or introductory accounting courses will not qualify for this course requirement. The accounting credits shall include coverage in financial accounting, auditing, taxation, and management accounting. In addition, the degree must include or be supplemented by, 24 semester hours (36 quarter hours) of business courses (other than accounting courses) at the undergraduate level or 18 semester hours (27 quarter hours) at the graduate level, or an equivalent combination thereof;
3. Earned at least a bachelor's degree in business from a nationally or regionally accredited college or university approved by the Board. This degree must include 24 semester hours (36-quarter hours) of accounting, exclusive of elementary or introductory accounting courses. The accounting credits shall include coverage in financial accounting, auditing, taxation, and management accounting. In addition, the degree must include, or be supplemented by, 24 semester hours (36-quarter hours) of business courses other than accounting courses. These business courses shall include coverage in the areas of business law, quantitative applications in business, information systems, finance, and coverage in at least one of the areas of economics, business organizations, professional ethics, and/or business communication; or
4. Earned a bachelor's degree from a nationally or regionally accredited college or university approved by the Board. This degree must include, or be supplemented by, 24 semester hours (36-quarter hours) in accounting courses at the undergraduate level, exclusive of elementary or introductory accounting courses. The accounting credits shall include at least three semester hours in each of the subject areas of financial accounting,

auditing, taxation, and management accounting. In addition, the degree must include, or be supplemented by, 24 semester hours (36-quarter hours) of business courses at the undergraduate level, to include at least three semester hours in the subject areas of business law, business information systems, professional ethics and finance. Courses in quantitative applications in business, business management of organizations, economics, and/or business communication may be included for the business course requirements.

Effective with initial application to the November 2002 examination, the required business and accounting concentration courses must be completed, or accepted in transfer, at a four-year accredited college or university approved by the Board. Associate Degree/Junior College courses will be accepted only if transferred into a four-year bachelor's degree program.

(2) Conditional Credit. Prior to January 1, 2004, a candidate who passed two or more subjects at any written examination given by the Board and attained a grade of 50 or more in each subject which the candidate failed, shall be credited with the subjects in which the candidate received a grade of 75 or higher. The candidate has the right to be re-examined in only the remaining subject or subjects at any of the six subsequent examinations; provided, however, that if a candidate received a grade of 75 or higher in three subjects and a grade below 50 in the failed subject, the Board has the right to consider whether credit would be granted for the parts passed.

(3) Re-examination. Prior to January 1, 2004, a candidate who would have received a conditional credit or credits under 252 CMR 2.06(2), would receive a further conditional credit in the subject or subjects in which the candidate receives a grade of 75 or higher if upon such re-examination the candidate receives a grade of 50 or higher in each subject which the candidate failed.

(4) Time Limit on Conditional Credits.

(a) Prior to January 1, 2004, conditional credits continued to be valid only when the remaining subjects were successfully completed at any of the six paper examinations given by the Board immediately following the examination in which the candidate first received a conditional credit. However, the Board, in its discretion and under extenuating circumstances, can extend the period within which conditional credits continued to be valid.

(b) Prior to January 1, 2004, a candidate who, on first examination, failed to qualify for a conditional credit or credits under 252 CMR 2.06(2) was required to sit for the entire examination.

Business Environment and Concepts

1. Candidates who have attained conditional credit status as of the launch date of the Computer Based Examination will be allowed a transition period to complete any remaining Test Sections of the Computer Based Examination. The transition period is the maximum number of consecutive opportunities that candidates (who were conditioned under the written examination) would have had remaining, at the launch of the Computer Based Examination, multiplied by three months, to a maximum of 18 months from April 5, 2004.

2. If a previously conditioned candidate does not pass all remaining Test Sections during the transition period described in 252 CMR 2.06(5)(b)1., the conditional credits earned under the written examination will expire and the candidate will lose credit for Test Sections earned under the written examination. However, any Test Section passed during the transition period of the Computer Based Examination is subject to the conditioning provisions as indicated in 252 CMR 2.06(5)(a).

(c) A Candidate shall retain conditional credit for any and all Test Sections of an examination passed in another state if such credit would have been given, under the applicable requirements, as if the candidate had taken the examination in Massachusetts.

(d) The Board may in particular cases extend the term of conditional credit validity notwithstanding the requirements of 252 CMR 2.06(5)(a), (b) and (c), upon a showing that the credit was lost by reason of mitigating circumstances beyond the candidates control.

(7) Massachusetts Bar Member.

(a) An applicant who sat for the Uniform CPA Examination prior to May 1994 who is a member of the Massachusetts Bar is not required to take the written examination in Business Law. To be excused from this examination such an applicant must present a certificate from the Clerk of the Supreme Judicial Court attesting to the fact that the applicant is a member of the Massachusetts Bar in good standing.

(b) Beginning with the May 1994 examination, members of the Massachusetts Bar will no longer be exempt from taking the Business Law & Professional Responsibilities (LPR) section of the examination. Effective with the May 1994 examination, members of the Massachusetts Bar will be required to take all sections of the Uniform CPA Examination.

The applicant is a graduate of a college or university approved by the Board with a bachelor's degree or its equivalent, with an accounting concentration, as described in 252 CMR 2.01(3) (no person shall be required to have an accounting concentration until July 1, 1992), and that the applicant has had at least three years' experience in the full-time practice of public accounting of the type described in 252 CMR 2.07(3) (5460 total hours required); or

(b) The applicant is a graduate of a college or university approved by the Board with a bachelor's degree supplemented by a master's degree or its equivalent from a college or university also approved by the Board, provided the applicant's education has included an accounting concentration, as described in 252 CMR 2.01(3), or the equivalent thereof, and that the applicant has had at least two years experience in the full-time practice of public accounting of the type described in 252 CMR 2.07(3)(a) (3640 total hours required); or

(c) Subsequent to the May 2002 examination, the applicant is a graduate of a college or university approved by the Board with at least a bachelor's degree, to include 120 semester hours with an accounting concentration, supplemented with an additional 30

semester hours as described in 252 CMR 2.01(4), provided that the applicant has had at least one year of experience in the full-time practice of public accounting of the type described in 252 CMR 2.07(3)(b) (1820 total hours required); or the applicant is a graduate of a college or university approved by the Board with a bachelor's degree supplemented by graduate degree in accounting, business administration or law, including the course requirements described in 252 CMR 2.01(4), in which case experience in the practice of public accounting is not required for the issuance of a certificate as a certified public accountant.

(c) Commencing December 1, 2002, public accounting report experience will be a requirement for issuing reports on financial statements and a qualifying tenure of experience must extend for at least 12 consecutive months within a 36 month period.

The education requirements of 252 CMR 2.07(2)(a), 2.07(2)(b) and 2.07(2)(c) notwithstanding, a candidate who successfully passes the examination shall be eligible for the certificate of certified public accountant if the candidate meets the education and experience requirements that were requisite at the time the candidate first sat for the examination in some prior year. Commencing on December 1, 2002, a candidate who sat for the examination without complying with the provisions of 252 CMR 2.07(2)(c) may qualify under the experience requirement of 252 CMR 2.07(3)(a) or obtain the education requirements of 252 CMR 2.07(2)(c) subsequent to the completion of the exam.

- (1) The Board, upon formal application, may issue a license to practice to a certified public accountant of another state or other jurisdictions provided:
 - (a) The applicant meets all current requirements in Massachusetts at the time application is made, or at the time of the issuance of the applicant's certificate in the other state, the applicant met all requirements then applicable in Massachusetts, or if the applicant meets all such requirements except that the examination was passed under different credit provisions then applicable in Massachusetts, and provided that each passed part of the exam received a grade issued by the AICPA of 75 or better, then the applicant must have been engaged in public practice, in the other state or must have been under the direct supervision of a partner, shareholder or member of a public accounting firm on a full-time basis for four of the last ten years prior to the applicant's Massachusetts reciprocal application and commencing upon the date of original certification from the other state;
 - (b) The applicant holds a valid, current license to practice in the other state.
 - (c) The applicant furnishes written credentials in regard to education, character, and general qualifications in the same form as is required of all other applicants; and
 - (d) The applicant, in attesting to the applicant's self-employment experience required by 252 CMR 2.07(3), submits examples of the applicant's report work product (a complete audit, review, and compilation report) issued within three years prior to the applicant's application for reciprocity, and/or the most recent quality review report issued on the applicant's practice, or three notarized statements from the

applicant's three largest clients regarding the quality of services provided in a tax or consulting practice.

- (2) (a) Canadian Chartered Accountants (CAs) who have successfully completed the Canadian Uniform Final Examination are not required to complete the Uniform CPA Examination in order to achieve the CPA designation. CA applicants for reciprocity are, however, required to pass the International Uniform CPA Qualification Examination (IQEX) designed to ensure that they have satisfactory knowledge of relevant U.S. legislation, standards, and practices. In addition to passing IQEX, licensure applicants must satisfy the requirements of 252 CMR 2.07(3) regarding experience in order to obtain the CPA designation.
 - (b) CA applicants must also hold a valid, current license to practice in Canada.
 - (c) CA applicants shall also furnish written credentials in regard to education, character, and general qualifications in the same form as is required of all other applicants.
- (3) The Board in its discretion and on a case by case basis, will accept applications for other foreign licensed Charter Accountants or CPAs to sit for and pass the IQEX and apply for the reciprocity based upon their compliance with the education and experience requirements of 252 CMR 2.07 and all applicants must hold a current license to practice in these other jurisdictions. These applicants shall furnish written credentials with regard to character and general qualifications in the same form as is required for all other applicants.
